

The New Wanderlodge LX.

The Only 40' Motorcoach On The Market Worthy Of The Wanderlodge Name.

Of all the names that come to mind when you think about motorcoaches, one stands head and shoulders above the rest. Blue Bird Wanderlodge — the motorcoach with a 36-year heritage of quality engineering and craftsmanship. And now the latest addition to the Wanderlodge line, the new 40' LX, stands ready to transport you into a whole new dimension of luxury.

The LX transcends other production coaches with all the luxury of a five-star suite. This ergonomically designed, user friendly motorhome gives you a choice of eight spacious floor plans designed to satisfy the most discriminating tastes. A

wide array of designer fabrics, carpets, premium hard woods, and tiles. Plus you have a choice of six elegant exterior paint designs and unlimited color schemes.

But the beauty of the Wanderlodge LX is more than skin deep. Unlike converted buses, the LX is designed and engineered to be a motorhome from the ground up. Everything is designed to be where it is, not placed where it will fit. And the Wanderlodge LX chassis and body are rigid steel construction, making it one of the safest, if not indeed the safest, motorcoach on the road today.

To assure unsurpassed performance, the LX merges a powerful state-of-the-art Cummins M11 450-hp diesel engine with a heavy-duty, reliable, Allison six-speed World transmission.

Other features include a large panoramic windshield. Convenient pantographing luggage

compartment doors. Ridewell air suspension in front, tag, and rear. And more.

Thanks to the lowered engine deck design, the Wanderlodge LX also offers you the option of a roomy walk-in closet with drawer cabinet and shelving.

If you're ready to answer the call of the open road, call your nearest Blue Bird dealer. And make your next road trip a luxurious, unforgettable adventure — in the new Blue Bird 40' Wanderlodge LX.

The Wanderlodge LXi Series is also available in the all-custom 41' or 43' which offers suite-expanding slideouts.
