- A. Not a standard B.B. option; offered by vendor only.
- B. Engine is received from the vendor with compressor mounted on the adjacent accessory port. Blue Bird installs hydraulic pump where compressor is shown.
- C. Filter is removed at B.B. and remounted on this side of the transmission. Bracket and mounting hardware are located on the transmission cooling diagram.
- D. Filter moved to this location at B.B.
- E. Fill tube is removed at B.B. See items #1, 2.
