

## **4-15 Fans, Vents and Exhaust**

## 4-15 Fans, Vent and Exhaust

### 4-15.1 Fantastic Fan

12 VDC exhaust fan located in the bathroom.

#### 4-15.1.1 Operation

1. Open the damper from the control located on the face of the vanity.
2. Turn on the fan from the control located on the fan. Set the desired speed. The switch on fan may be left on in order for the vanity (remote) switch to operate all functions.

### 4-15.2 6" 12 VDC Pop-Up Fan

12 VDC six-inch exhaust fan is located in the private toilet area of models that are so equipped.

#### 4-15.2.1 Operation

1. Push handle up to open the vent.
2. Turn on the fan from the control located on the bottom of medicine cabinet.
