TABLE OF CONTENTS

SECTION I INTRODUCTION

Contents	1-1
Checklists	1-2
Citizen's Band Transceiver.....	1-3
Hot Weather Operation	1-4
Cold Weather Operation	1-4
Campground Courtesy.....	1-4
Insurance.....	1-4
Safety Considerations	1-5
Vehicle Loading	1-6
Economical Driving.....	1-7
Engine Operating Hints.....	1-7
Lubrication and Maintenance ..	1-8
Traveling in Your Motorhome..	1-8

SECTION II OPERATION

Introduction	2-1
Instrumentation	2-3
Dashboard Instrumentation..	2-3
Steering Column Controls...	2-7
CB Transceiver Unit	2-7
Overhead Instrumentation....	2-10
Floor and Side Controls	2-10
Closed-Circuit TV/Receiver...	2-13
Radar Detector	2-13
TV Antenna and Rotator	2-14
Seat Controls.....	2-14
Diesel Engine Operation	2-15
Trailer Hitch Capacity.....	2-15
Start-Up Inspection.....	2-16
Driving Tips.....	2-17
General Information - Engine ..	2-17
Air Suspension System	2-18
Racor Fuel Filter.....	2-18

SECTION III LIVING AREA FACILITIES

Introduction	3-1
Dinette Area	3-1
Galley Facilities.....	3-2
Refrigerator.....	3-2
Gas Range and Oven	3-4
Galley Sink	3-5
Food Center	3-5
Bathroom	3-5
Roof Vents and Exhaust Fans..	3-6
Heating Systems	3-6
Hot Air Furnace Operation..	3-7
Hot Water Heating Systems..	3-7
Heating System Operation..	3-8
Duct Booster.....	3-8

Hot Water Supply Heater ...	3-8
Roof-Air Conditioning	3-8
Systems Monitoring and Control Panels.....	3-9
The Thermometer and The Clock, and The Monitor ..	3-9
Switching and Monitor Panel	3-10
LP Gas Leakage Detector ..	3-10
Power Line Monitor	3-10
Lifeguard One.....	3-10
Electronic Door Chime	3-11
Digital Thermometer.....	3-12
Portable Fan	3-12
Security Timer	3-12
Burglar Alarm/Anti-Theft Features	3-13
Fire Extinguishers	3-13
Central A/C System.....	3-13

SECTION IV ELECTRICAL SYSTEMS

Introduction	4-1
12-Volt Dc Supply System	4-1
Motorhome 12-Volt Circuits	4-1
Battery Heaters.....	4-2
Battery Charger.....	4-2
DC Supply Monitors	4-2
AC Supply System	4-2
Power Line Monitor	4-3
Ac Circuit Breaker Panels ..	4-3
Generator Operation	4-3
Ac Shore Line Operation....	4-4
Safeline Alarm.....	4-5

SECTION V WATER DISTRIBUTION SYSTEM

Introduction	5-1
Water Supply and Distribution System	5-1
Commercial Water Hookup....	5-1
Water Supply Filling and Sanitizing	5-1
Potable Water Distribution System	5-3
Water Purifier	5-3
Hot Water Heater	5-4
Plumbing and Drainage System .	5-4
Draining the Holding Tanks....	5-4
Tank Level Detectors	5-5
Winterizing	5-5
Draining the Fresh Water System	5-5

TABLE OF CONTENTS (continued)

Preparing Drainage System for Storage	5-6	Batteries	8-3
Battery Storage in Freezing Weather	5-6	Fluid Level Checks	8-4
General Storage Notes	5-6	Water Pump Maintenance	8-5
		Windshield Washers	8-7
		Generator	8-7
		Maintenance Schedule	8-7
		Battery	8-8
		Air Cleaner Maintenance	8-8
		Crankcase Breather Cap	8-8
		Lubrication	8-8
		Cooling System	8-9
		Generator Troubleshooting	8-10
		Refrigerator	8-11
		Air Conditioning Systems	8-12
		Tub/Shower Mixing Valve	8-12
		Toilet Maintenance	8-13
		Furnace Maintenance	8-13
SECTION VI LPG SYSTEM			
Introduction	6-1		
LPG Tank and Controls	6-1		
Fuel Requirements	6-1		
LP Gas and Vapor Detectors	6-2		
LPG Regulator	6-2		
Operation	6-2		
LPG Consumption	6-2		
SECTION VII AIR BRAKE SYSTEMS			
Introduction	7-1		
Operation	7-1		
SECTION VIII OWNER MAINTENANCE DATA			
Introduction	8-1		
Specifications and Data	8-1		
Changing Tires	8-2		
		SECTION IX GENERAL INFORMATION	
		SECTION X DIAGRAMS	
		SECTION XI OPTIONAL EQUIPMENT	

LIST OF ILLUSTRATIONS

Figure 1-1. Identification Plate	1-6	Figure 3-5. Gas Range and Oven	3-4
Figure 1-2. Typical Identification Plate	1-7	Figure 3-6. Food Center	3-5
Figure 2-1. Driver's Compartment Instrumentation Panels	2-1	Figure 3-7. Tub/Shower	3-5
Figure 2-2. Dashboard Instrumentation	2-2	Figure 3-8. Toilet	3-6
Figure 2-3. Digital Clock	2-5	Figure 3-9. Bathroom Vent/Exhaust Fan	3-6
Figure 2-4. Musical Horn	2-6	Figure 3-10. Hallway Lighted Vent/Exhaust Fan	3-6
Figure 2-5. Steering Column Controls	2-7	Figure 3-11. Exhaust Fan Control Panel	3-6
Figure 2-6. Speed Control	2-7	Figure 3-12. Heater Thermostat	3-6
