*MCI has your Webb Drum solutions at attractive prices!*

***Introducing Vortex Technology***

Webb Transit has introduced a new brake drum design specifically for MAN transit axles using patented Vortex technology. This unique product is both lighter in weight and substantially stronger due to the repositioning of the squealer band and the addition of reinforcement ribs. The precision fit, performance, and durability that you have come to expect from Webb Transit has been greatly enhanced by this innovation.

**Features:**

- **Lighter Weight**
- **Increased Strength**
- **Enhanced Heat Absorption Characteristics**

**Value:**

- **Increased Performance**
- **Superior Durability**
- **Decreased Maintenance Costs**

***Introducing our Vortex drums***
